## Summary

As a freelance web developer since 2005, I am ready to lend my creative and technical abilities to a larger enterprise. Having developed several web applications from conception to deployment, I have an ability to adapt to a wide range of technical and design-related tasks and am looking for an opportunity to share my skills and contribute to the success of a web development team.

## Recent Projects

### **Jane Diaz, Inc., [www.janediaz.com](http://www.janediaz.com) – 2008-2009**

Designed and programmed an e-commerce website for the New York-based jewelry design studio, Jane Diaz, Inc. The website includes a custom CMS, which allows the studio to add jewelry, upload and resize images, and process orders. Built with CakePHP.

### **New York City Players, Inc., [www.nycplayers.org](http://www.nycplayers.org) – 2009**

Programmed a custom CMS and set up a template system for the New York City Players website. The CMS allows the client to update works, press, and images. The 'store' section is linked to a PayPal shopping cart. Built with CakePHP.

### **LightsUp!, [www.lightsup.info](http://www.lightsup.info) – 2009**

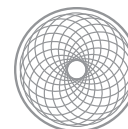

Programmed an XML-powered updater and assisted with HTML / CSS / JavaScript for the LightsUp! website.

### **Alexandre Gallery, [www.alexandregallery.com](http://www.alexandregallery.com) – 2008**

Programmed a custom CMS and set up a template system for Alexandre Gallery's existing website. The CMS allows the gallery to add exhibitions, artists and artworks, and to process uploaded images. Built with CakePHP.

### **AudioDocumentary.org, [www.audiodocumentary.org](http://www.audiodocumentary.org) – 2008**

Designed and programmed a website for Brooklyn-based audio documentarian David Maxon. The website includes a custom CMS and offers an RSS feed. Built with CakePHP.

**Oconomowoc Realty, [www.oconomowocrealty.com](http://www.oconomowocrealty.com) – 2007-2008**

Designed and programmed a website for Oconomowoc Realty. The website includes a custom CMS and is programmed to download daily updates from the MLS system.

**Julie Weitz, [www.julieweitz.com](http://www.julieweitz.com) – 2007**

Designed and programmed a Flash-based website and custom CMS for artist Julie Weitz. The CMS was built with CakePHP.

**The Law Office of Paul Maxon, [www.maxonlaw.com](http://www.maxonlaw.com) – 2007**

Designed and programmed a Flash-based website and custom CMS for an employment law office.

**William Smolen, [www.williamsmolen.com](http://www.williamsmolen.com) – 2006**

Designed and programmed a Flash-based website and custom CMS for New York based lifestyle consultant, William Smolen.

## Technical Skills

### Core Strengths

PHP / CakePHP, MySQL, JavaScript / jQuery, (X)HTML, CSS, Flash / ActionScript 2

### Experienced

Unix / Linux command line, Apache, setting up LAMP web servers

### Software

I am highly proficient with the Adobe Creative Suite (Photoshop, Illustrator, InDesign, and Fireworks). I am familiar with Dreamweaver, but prefer to hand-code using TextMate.

## Education

### University of Wisconsin, Madison; 2005

Bachelor of Fine Arts, Cumulative GPA: 3.8
